

The York Engineer

April, 2010

Volume 99, Issue 7

Published by the Engineering Society of York
Established 1910

2009/2010 President
Jon Raab

1910 - 2010

The March meeting centered around an informative tour of the Brunner's Island power plant along the Susquehanna River. This 1400+ megawatt power plant burns a trainload of coal per day when it is in full operation. A delicious dinner followed at the Conewago Inn.

Mike Dorgan, project manager for Warfel Construction, will lead us on a tour of the new Frank Theater complex at the Queensgate Shopping Center in York. This \$6,000,000, 62,000 square foot complex is scheduled to open on May 5th and will include (13) theaters, a game room, two private party rooms, and a bar and restaurant.

The building is approximately 45 feet high and includes unique construction features such as stadium seating, acoustically-designed walls, an "adult" theater, and an all-digital format. Total occupancy is 2164.

Please plan on joining us for what is sure to be an informative tour.

Society News

The Engineering Society of York recently presented cash awards to the following participants in the York County Science Fair:

Junior Level - Michael Kovalchick, Dallastown, 9th Grade

"Sticky Science - Triboluminescent Properties of Adhesive Tape"

Senior Level - Justin Renjilian, York Suburban, 10th Grade
